DIMENSIONS

FEATURES

- Advanced COB technology for seamless lighting
- RGBW color for vibrant and dynamic lighting
- 12mm width for versatile installation
- High CRI 90+ for true color rendering
- Uniform and dot-free illumination
- Cutable design for custom lengths
- Strong 3M adhesive backing
- 24V low voltage for safety and energy efficiency
- Ideal for indoor applications

APPLICATIONS

- Cove lighting
- Under cabinet lighting
- Ceiling and wall accents
- Shelving and display lighting
- Retail and commercial lighting
- Furniture and decorative lighting
- Residential indoor projects

RECOMMENDED CONNECTORS

PVAC-F96 Strip to Strip	PVAC-F97 Strip to Wire	PVAC-F101 Strip-Wire-Strip	PVAC-F102 L Shape Corner Connector	PVAC-F88 5-in-1 RGB+CCT Controller
