

PVA1050

3W UNDER CABINET RECESSED LED LIGHT

The **PVA1050** Under-Cabinet Recessed LED Light is a compact, high performance fixture designed for clean, modern task lighting in kitchens, millwork, closets, display shelves, and commercial cabinetry.

Despite its minimal 52mm (2") trim size, the PVA1050 delivers a powerful, focused beam with excellent color consistency and long-life efficiency.
