

# 60W Constant Voltage LED Driver

|                  |               |
|------------------|---------------|
| Product Code :   | PVDR-60-24N   |
| Output Voltage : | 24V           |
| Power :          | 60W           |
| Dimming Type :   | Non-Dimmable  |
| Current :        | 24V (2.5 Amp) |
| Size :           | 190*85*35 mm  |
| IP Rating :      | 20            |

## Notes :

Push-in connectors are included on all picovolt drivers

**Available in Dimmable and Non-Dimmable Model**

**Current differs in different output voltages.**
